

The Machine Learning research group (Prof. Dr. Tim Kietzmann) of the **Institute of Cognitive Science** invites applications for a

Postdoc (m/f/d)
(Salary level E 13 TV-L, 100 %)

to be filled as soon as possible for a period of initially 3 years.

Description of Responsibilities:

The position involves active participation in the research activities of the group. Our research focuses on interdisciplinary topics in the space of machine learning, with deep learning in particular, and visual computational neuroscience.

The position includes teaching Cognitive Science courses at B.Sc. and M.Sc. level (4 hours/week) and allows to work towards a habilitation.

Required Qualifications:

- An academic degree (Master/Diploma) as well as research experience in a relevant field (e.g. machine learning, cognitive neuroscience, cognitive science, artificial intelligence, etc.) as part of obtaining a PhD degree.
- Very good scientific programming skills in Python.
- Strong research interests in the areas of machine/deep learning and visual computational neuroscience/neuroimaging.
- An excellent command of the English language in written and spoken form.
- A track record of relevant peer-reviewed publications.

The position is available on a full-time or part-time basis.

Osnabrück University is a family-friendly university and is committed to helping working/studying parents balance their family and working lives.

Osnabrück University seeks to guarantee equality of opportunity for women and men and strives to correct any gender imbalance in its schools and departments.

If two candidates are equally qualified, preference will be given to the candidate with disability status.

Applications with the usual documentation should be submitted by e-mail in a **single** PDF-file to the Director of the Institute of Cognitive Science (ikw@uos.de) no later than **November 27, 2022**. Further information can be obtained from Prof. Dr. Tim Kietzmann (tim.kietzmann@uni-osnabrueck.de).
