Academic appointments

10/22 Professor for Psycholinguistics/Neurolinguistics, Institute of Cognitive Science, Osnabrück University
 01/21 Emmy Noether research group leader, Director of SPA Lab, University of Potsdam
 10/18-12/20 Postdoctoral Researcher (Wissenschaftliche Mitarbeiterin) at Leibniz-Zentrum Allgemeine Sprachwissenschaft (ZAS) Berlin, XPrag.de (SPP 1272)
 Since 01/19 Honorary fellow at UCL and associated member at Ulster University, Belfast
 04/18-09/18 Replacement professorship (Vertretungsprofessur) in the area of pragmatics, text and discourse, Institut für deutsche Sprache und Linguistik, Humboldt-Universität zu Berlin
 10/14-03/18 Postdoctoral Researcher (Wissenschaftliche Mitarbeiterin) at Leibniz-Zentrum Allgemeine Sprachwissenschaft (ZAS) Berlin, XPrag.de (SPP 1272) (06/16-05/17 parental leave)
 10/11-09/14 Research fellow (Wissenschaftliche Mitarbeiterin) at Humboldt-Universität zu Berlin, Collaborative Research Center “Information Structure”
 04/11-09/11 Research fellow (Wissenschaftliche Mitarbeiterin) at ZAS Berlin, EuroCores LOGICCC Project “Vagueness, Approximation and Granularity” (VAAG)

Scholarly visits

06/22-7/22 Research stay at UC Irvine, cognitive science Department
 03/18 Research stay at Stanford University, California, DFG short term collaboration grant (Xprag.de), Hosts: Prof. Noah Goodman and Prof. Judith Degen
 02/14-04/14 Research stay at Macquarie University (ARC Center for Cognition and its Disorders), Sydney, Scholarship by German Academic Exchange Service (DAAD)
 Host: Distinguished Prof. Stephen Crain

Education

10/11-01/15 **PhD in Linguistics**, Humboldt-Universität zu Berlin
 Thesis title ‘Establishing alternative sets’ (*summa cum laude*)
 Supervisors: Prof. Katharina Spalek and Prof. Manfred Krifka
 10/08-01/11 **M.A. in Linguistics**, Humboldt-Universität zu Berlin
 10/05-07/08 **B.A. in French and English with teacher training**, Humboldt-Universität zu Berlin

Third-party funding

Project grants

2022-2027 PI in DFG-funded graduate school on “Computational Cognition”
 2021-2027 Emmy Noether research group “Scales in language processing and acquisition: Semantic and pragmatic contributions to implicature computation”, DFG (~1.4 Million Euros), Associated with Collaborative Research Center “Limits of Variability”, University of Potsdam
 2018-2020 Short term collaboration project grant “Free choice, inclusion and redundant material”, collaboration with Jacopo Romoli (Ulster) and Paolo Santorio (UCSD), DFG (Xprag.de)

2018-2020 Short term collaboration project grant “Predicting scalar diversity in a Bayesian model of pragmatic inference with lexical uncertainty”, collaboration with Richard Breheny (UCL), Chao Sun (ZAS) and Anton Benz (ZAS), DFG (Xprag.de)

2014-2020 Two co-written project grants (“Sachbeihilfe”) “SIGames I: Experimental game theory and scalar implicatures” and “SIGames II: Investigating variation in context and scale type”, PI: Anton Benz, DFG (Xprag.de)

2015-2018 Short term collaboration project grant “The Impact of the Question Under Discussion (QUD) on embedded implicatures”, collaboration with Noah Goodman and Judith Degen (Stanford), research stay at Stanford University in March 2018, DFG (Xprag.de)

Competitive workshop funding

03/20 Workshop grant “Variability in pragmatic inferences: Implications for the Semantics/Pragmatics Interface” AG at DGfS Meeting, Hamburg, 4.3.2020-6.3.2020, together with Napoleon Katsos, Bob van Tiel and Anton Benz, DFG (Xprag.de).

05/19 Workshop grant “The semantics and pragmatics of gradable adjectives: integrating perspectives from linguistic theory, psycholinguistics and modeling”, 23.5.-24.5.2019, together with Stephanie Solt, Anton Benz, Barbara Tomaszewicz and Petra Schumacher, Cologne, DFG (Xprag.de)

05/16 Workshop grant “Rationality, probability and pragmatics”, together with Anton Benz, Michael Franke, Uli Sauerland and Niki Pfeiffer, DFG (Xprag.de)

06/16 Workshop grant “Disjunction Days: Theoretical and experimental perspectives on disjunction”, together with Uli Sauerland and Maribel Romero, DFG (Xprag.de)

07/15 Workshop grant “Formal and experimental pragmatics: Methodological issues of a nascent liaison”, together with Anton Benz, Judith Degen, Michael Franke and Anthea Schoeller, DFG (Xprag.de)

Awards and fellowships

05/22 Heinz Maier Leibnitz Prize, most important award for early career researchers in Germany, DFG

Since 09/19 Honorary fellow at UCL, London

10/19 Elected as Young Leader representing the Leibniz association at the Science and Technology in Society 2019 forum in Osaka, Japan

01/19-12/20 Post-doctoral fellow in Leibniz Mentoring program for Highly Qualified Female Researchers on Their Way to a Leading Position or Professorship

7/15-7/16 Post-doctoral fellow at SIAS Summer Institute “The Investigation of Linguistic Meaning: In the Armchair, in the Field, and in the Lab”, Alexander von Humboldt Foundation, Andrew W. Mellon Foundation and the National Humanities Center

02/14 DAAD scholarship for 3 months research stay at the Center for Cognition and its Disorders (language acquisition), Macquarie University

10/13 Award for best poster at PhD Day, Institute for German Language and Linguistics (HU)

09/13 Nomination for AMLaP 2013 Award for excellent research headed by a PhD student

Teaching

Regular seminars and lectures

10/22-04/22 Language and Communication Colloquium, Bachelor and Master's Cognitive Science program, Osnabrück University

10/22-04/22 Introduction to data analysis, Bachelor and Master's Cognitive Science program, Osnabrück University

10/21-04/22 Psychosemantics (with Nadine Bade), Master's Linguistics program, University of Potsdam, hybrid format

04/19-09/19 Alternative-based phenomena, seminar in Bachelor's program (Computational) Linguistics, University of Potsdam (invited guest lecturer)

04/18-10/18 Introduction to Pragmatics, lecture in Bachelor's program Linguistics, Institute of German Language and Linguistics (HU)

04/18-10/18 Semantics and Pragmatics: theoretical and experimental approaches, seminar in Bachelor's program Linguistics, Institute of German Language and Linguistics (HU)

10/12-04/13 Experimental Pragmatics, class in Master's program Linguistics, Institute of German Language and Linguistics (HU, together with Anton Benz)

Other courses

11/20 Open science and preregistration. Invited course at Herbsttagung der Arbeitsgruppe Empirische Sonderpädagogische Forschung (AESF), University of Potsdam.

07/20 Scalar implicatures: Recent developments in theoretical and experimental pragmatics, (with Anton Benz), NASSLLI, Brandeis University, postponed due to COVID-19

08/19 Introduction to Statistics with R. Invited course at DGfS Summer School Experimental Pragmatics: Theory, Methods, Interfaces, Berlin

08/19 Planning, designing and pre-registering experiments on pragmatic inferences. Invited course at Summer school on Empirical Approaches to Discourse, San José, Costa Rica

05/18-12/19 Regular colloquium (every 3 months) for doctoral students at ZAS on journal submissions and poster presentations

01/18 Academic writing, colloquium for doctoral students at ZAS

10/17 Semantic and pragmatic effects of focus particles in language processing. Invited course at International Workshop on Discourse, Multimodality and Experimental Methods, University of Heidelberg

03/15 Methods in Experimental Pragmatics, Psycholinguistic methods workshop, Institute of German Language and Linguistics (HU)

04/14 Invited lecture in Katharina Spalek's Master class on Focus in language processing, Institute of German Language and Linguistics (HU)

10/08-09/09 Cognitive approaches to linguistics, colloquium

Institute of Romance Languages (HU, together with Madeleine Domenech)

10/08-04/09 Linguistic terminology, tutorial, Institute of Romance Languages (HU)

10/07-04/08 Introduction to Romance Linguistics and linguistic terminology, 2 tutorials

Teaching and management trainings

03/21-04/21 Didactics training on digital teaching ("Motivating students online") University of Potsdam

01/19-12/20 Training in project management, leadership communication, grant writing, strategic networking and career planning at Leibniz Mentoring program

10/05-07/08 Courses in pedagogy, didactics of English, didactics of French and German as a second language during B.A. studies, Humboldt-Universität zu Berlin

Advising/Mentoring

Post Doc

Stavroula Alexandropoulou, PostDoc in Emmy Noether project, research areas: implicature, numerical expressions and eyetracking, University of Potsdam, since 2021

Chao Sun, Alexander von Humboldt Fellowship (as host), research areas: implicature, eyetracking and probabilistic modeling, ZAS, October 2020 – September 2022
 Camelia Bleotu, Xprag.de Intern, research areas: acquisition of modals, ZAS, July – October 2019

PhD

Juliane Schwab (as committee chair), 2022, Osnabrück University
 Kristina Kobrock (as first supervisor), research areas: the role of pragmatics in abstraction, multi-agent modeling, Osnabrück University, since 2022
 Tracy Sánchez Pacheco (as mentor), research areas: VR and deep learning, Osnabrück University, since 2022
 Radim Lacina (as first supervisor), research areas: processing of alternatives, University of Potsdam, since 2021
 Florian Mehlhase (as second supervisor), research areas: discourse particles and negotiation, University of Potsdam, since 2021
 Vinicius Macuch Silva (as mentor), research areas: discourse, inferences, language and cognition, Osnabrück University, since 2021
 Daniella Paleschi (as mentor), research areas: EEG, eyetracking and tense processing, since 2020, HU
 Katarzyna Stoltmann (as mentor), research areas: mousetracking and spatial cognition, ZAS, since 2019
 Damaris Bartz (as mentor), acquisition of information structure, 2017- 2019, ZAS
 Mentoring for further doctoral students at ZAS within doctoral colloquium

MA thesis

Henrik Discher, *Adjective meaning in English and German*, Humboldt University, 2022
 Yechezkiel Shabanov, *The scalar interpretation of double negation*, 2021, Tel Aviv University (external examiner)
 Kim Jördens, *Can carpets be an alternative to figs? The composition of focus alternative sets*, 2018, HU
 Vinzent Müller, *Memory for information-structural alternatives*, 2013, HU (as mentor)

BA thesis

Mane Tadevosyan, *Comparison of politeness in Russian and German*, 2018, HU

Student assistants: Charlotte Uhlmann, Berit Reise, Maria Stella Vila Avilla, Ella Markham, Marisha Herb, Henrik Discher, Marie Walch, Sybille Kiziltan, Lisa Raithel, Franziska Conradts, Henry Salfner, Carla Bombi, Felicitas Enders, Danny Belitz, Mady Thonnicke, Camilo Rodríguez Ronderos, Linda Giesel, Vinzent Müller, Janine Klose

Service

Editorial work

Editorial board of *Glossa: Psycholinguistics* since February 2021
 Editor in chief for *Palgrave Studies in Pragmatics, Language and Cognition* (Palgrave MacMillan) since January 2021

Ad-hoc Reviewing for funding agencies

DFG (Emmy Noether program)
 European Research Council (ERC Advanced grant)
 National Science Foundation (NSF grant proposal)
 Research Grants Council of Hong Kong, China (regular assessment of general research funds and Prestigious Scholarship scheme)

Ad-hoc Reviewing for journals and publishers

Cambridge Elements, Cognition, Cognitive Science, Semantics and Pragmatics, Journal of Semantics, Language and Linguistics Compass, Journal of Phonetics, JASA, Glossa, Glossa

Psycholinguistics, Journal of Experimental Psychology: General, Journal of Experimental Psychology: Learning, Memory and Cognition, Journal of Memory and Language, Synthese, Philosophical Psychology, Language and Speech, PLOS One, Wiley

Ad-hoc Reviewing for scientific meetings

AMLAP, CUNY, Cognitive Science Society, SALT, Amsterdam Colloquium, Sinn und Bedeutung, XPRAG (Biennial Conference), XPRAG.it, ELM, NELS, DETEC, EXPGRAD 2015, XPRAG-ADJ19, ESLP/AttLis 2019, SPP/ESPP

Administrative appointments

Equal opportunity officer (‘Vertretende Gleichstellungsbeauftragte’) at ZAS, 2019-2020
 Coordinator for Psycholinguistics Lab at ZAS, 2019-2020
 Board member for mentoring program at ZAS, 2019-2020

Committees

Leading member of program committee at DGfS 2022 (elected by members of the society with the most votes)
 External member of search committees for postdoctoral positions at ZAS in 2021
 Member of 2 search committees for postdoctoral positions at ZAS in 2020, as equal opportunity officer
 Member of 2 search committees for postdoctoral positions at ZAS in 2018
 Program committee member of DETEC 2019 and EXPGRAD 2015 (Gradability, scale structure and vagueness)

Membership

Leibniz representative for Science and Technology in Society 2019 forum in Osaka, Japan (Young Leaders Program)
 Deutsche Gesellschaft für Sprachwissenschaft
 Leibniz Alumnae Network

Organization of workshops

Workshop on “Scales, degrees and implicature”, 26.5.-28.5.2021, Potsdam University.
 “XPRAG Wine Series”, international monthly Zoom series, since December 2020
 “Introduction to Bayesian Inference” held by T. Roettger, 25.2.2020, ZAS
 Monthly statistics colloquium at ZAS since 2019
 “Diversity in pragmatic inferences: Experimental data, computational models, and the Semantics/Pragmatics Interface”, 4.3.-6.3.2020, annual meeting of DGfS, Hamburg
 “The semantics and pragmatics of gradable adjectives: Integrating perspectives from linguistic theory, psycholinguistics and modeling”, 23.5.-24.5.2019, Cologne
 “Disjunction Days: Theoretical and experimental perspective on disjunction”, 1.6.-2.6.2016, ZAS
 “Rationality, probability and pragmatics”, 25.05.-27.05.2016, ZAS
 “Formal and experimental pragmatics: Methodological issues of a nascent liaison”, 16.-3.6-2015 (<https://sites.google.com/site/mxprag2015/>), ZAS
 2nd Psycholinguistic methods workshop, 27.2.-29.2.2011, Humboldt-Universität zu Berlin

Major collaborations

Past collaborators

David Barner (UCSD) and Stephen Crain (Macquarie University) on acquisition; Judith Degen (Stanford University) and Noah Goodman (Stanford University) on probabilistic modeling; Anton Benz (ZAS) and Stephanie Solt (ZAS) on game-theoretic modeling and adjectival scales; Lewis Bott (Cardiff University) and Jack Tomlinson (ZAS) on mousetracking; Richard Breheny (University College London) and Chao Sun (Humboldt-Universität zu Berlin) on probabilistic modeling; Alexandre Cremers (University of Amsterdam) and Tim Leffel (University of

Chicago) on vagueness and adjectives; Katharina Spalek (HU Berlin) on focus alternatives; Jacopo Romoli (University of Ulster) and Paolo Santorio (UCSD) on disjunction

Current collaborators

Bettina Braun (University of Konstanz) on prosody and alternatives; Judith Machts (Goethe University Magdeburg) on cognitive impairment in ALS patients; Diana Mazzarella (Université de Neuchâtel) and Gregory Scontras (UC Irvine) on politeness

Mercator fellows (Emmy Noether)

Ira Noveck (CNRS, Paris) and Louise McNally (Pompeu Fabra)

Graduate school on Computational Cognition

Co-PIs: Gordon Pipa, Peter König, Simone Pika, Tim Kietzmann, Elia Bruni, Tim Römer, Martin Atzmüller

Skills

Languages

English (C2), French (C2), Italian (basic knowledge), Spanish (basic knowledge)

Programming skills

R, HTML, C++, Church and Webppl (probabilistic modeling)

Formal and experimental methods

Interactive comprehension and production experiments, cross-modal priming, probe recognition and recall, eyetracking, mousetracking, truth value judgment and inferential tasks with adults and children, acceptability ratings, corpus studies, EEG, model-theoretic semantics, game-theoretic modeling, probabilistic modeling
